

PEACE-OF-MIND

We want you to be able to focus on doing what you do best –
running your business, organization, or event smoothly.

ID checks, simplified.

Ensuring
SafePasses
to Safeguard
Your Business'
Licenses & Reputation

We are licensed, and
accredited to operate in the State of Michigan.

Our Staff is acutely aware of the laws surrounding age
restricted items, and can help keep your business compliant.

In addition, we seek to grow & maintain positive relationships
with local law enforcement bodies & judiciaries, and doing so
keeps us most up-to-date with changes in an evermore adverse
business atmosphere.

Among others, we have worked alongside & support:

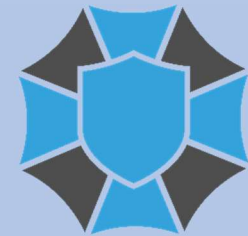

- ✓ Kent County Sheriff's Office
- ✓ Kent County
- ✓ State of Michigan – Liquor Control Commission

We Care,
We're Happy to Help
Shield your Business.
Let's get started today.
Thank You.

ID Checking Solutions that **Safeguard** your Business.

RANDOMIZED UNDERCOVER 'BUSTS', BUT, NOW, ON YOUR SIDE

Considerable, heavy costs can face your business, if found out-of-compliance with any local, state, federal ID verification laws & regulations.

Such rules are often complex, and easy to break. Luckily, we understand their nuances, and can help.

Umbrella Security & Investigation Services, LLC. was started in Grand Rapids, Michigan by Mr. Joel Scoby in 2019 with a vision to protect the Lives, Liberty, and Property of all throughout our West Michigan community. Offering a wide-variety of advanced specializations, we are proud of how our staff embody professionalism, excellent service, congeniality, and meticulous attention-to-detail. Best of all, we are passionate about our role in helping others, giving us an advantage each and every time we adapt to a new challenge.

AGE RESTRICTED ITEMS

INCLUDING, BUT NOT LIMITED TO:

- ALCOHOLIC BEVERAGES
- TOBACCO
- FIREARMS
- MARIJUANA
- PHARMACEUTICALS
- ADULT ENTERTAINMENT CONTENT

doing everything we can
to assure you should never face:

HARM TO COMMUNITY REPUTATION

Perhaps no single event can tarnish, or even destroy entirely, a business' reputation in a community more severely than being busted for selling age-restricted items to underage individuals.

From local, even national, media ridicule through boycotts to protests, almost anything can happen when caught empty-handed without a Customer's proper form of identification.

LAWSUITS, FINES, LOSS OF LICENSE

Business owners share one thing in common – they want to stay profitable and open.

Expensive fines, lawsuits, court fees can tear away at any business' bottom lines.

If cited with violations several times by the State of Michigan, a business can lose its license or right for sale of any such items for either a definite, or even indefinite, period of time.

RANDOMIZED SITE CHECKS WITH FEEDBACK CARDS

Our by-appearance 'underage' yet legal individuals can be on-site as-many-times-as-you-like, with a minimum of 2 checks per month at \$23.50 each. Bars, shops / stores, entertainment centers – you name it, we can be there.

PRIVATE RECORDS & (RE)TRAINING

We will indefinitely keep thorough, accurate, private records of your staff's performance in our site checks, which you can request for review, any time. If one of your employees fail in our evaluation, we will immediately seek to notify either you or one of your management team, and offer training to that employee for corrective action.

COMPLIANCE TESTIMONY

Our staff contains individuals who once worked for the government, doing the same investigative work. These professionals understand the stress of a court proceeding, and, if requested, may be able to testify on your behalf*.

*Special rates & fees may apply. availability is not guaranteed.

WE'RE HELPING SHIELD BUSINESSES ACROSS AGE-RESTRICTED INDUSTRIES

We recognize each business is unique, and adapt our approach to your changing environment as well as the laws & regulations surrounding its operation.
